

STRATOCASTER
WIRING ASSEMBLY

Option A:
Master ToneStyler plus
master std tone pot

#1: Desolder or clip off the two jumper wires on 'TONE 2 CONTROL', at these two points; remove pot.

**Option A:
Master ToneStyler plus
master std tone pot**

#2 De-solder tone jumper wire from 'TONE 1 CONTROL' at 5-way switch, and re-solder to master volume pot, as shown.

#3 Install ToneStyler, and connect cable & wires to the master volume pot, as shown.
